Greenlink Box Hill Inc.

Reg No. A0018547D

Our aims

- To enhance and preserve the natural environment by propagation of indigenous flora.
- To develop an appreciation in the community of the value of indigenous flora.
- To encourage the nurture of existing plant life.
- To encourage the development of habitats for the increase and migration of indigenous fauna.

Our objectives

- To propagate and plant out indigenous plants on public land in the City of Whitehorse.
- To encourage and assist the planting of suitable indigenous plants in private gardens.
- To educate the community on the importance and appropriateness of regenerating the natural environment.
- To identify and develop greenways to enable the migration of wildlife within and across the Municipality.
- To communicate with other groups pursuing similar interests.
- To co-operate with the City of Whitehorse, and any other relevant body, in order to further the association's objectives.
